

Quick & Easy Power Point Graphics

Session 3: PowerPoint Design, Part 2

Creating and Editing Vector Graphics

- I. Introduction – 0:00
- II. Working with Vector Graphics
 - Vector Graphics Defined – 2:55
 - Where to Get Vector Graphics – 6:00
- III. How to Convert EPS to SVG (for FREE) – 8:46
 - Convert EPS to SVG using Convert Anything to Anything – 11:05
- IV. Grouping & Ungrouping – 12:59
 - About usage rights – 13:25
 - Grouping/ungrouping elements in an SVG file - 16:18
 - Inserting an SVG file – 16:41
 - Convert image to shape and ungrouping – 17:00
 - Selecting one object to work with from a group– 18:08
 - Adding elements (a hat) from another monster – 19:14
- V. Recoloring Your Design Elements
 - Changing colors of objects – 20:45
 - Taking the ear from another monster – 26:09
 - Summary of monster modifications – 30:52
 - Developing an eye for designs summary – 32:00
- VI. Combining Design Elements from Multiple Files to Create NEW Images – 33:18
 - Why ungrouping elements is so cool (ungrouping a penguin) - 33:36
 - Combining the penguin, hat, and bow to make a tuxedo – 35:35
 - More fun stuff with the penguin – 38:10
 - Getting balloons, hat, and ice cream cone by ungrouping – 38:37
 - Adding back the penguin – 42:16
 - Changing color of the hat – 43:22
 - Summary - 45:55
 - Creating more than just a design element – 46:05

- Coloring the background – 46:28
- Making a party invitation – 46:47
- Creating a scene – 52:28
